

CONTENTS

1. The Normal Salivary Glands	1
Development	1
Anatomy	3
Parotid Gland	3
Submandibular Gland	7
Sublingual Gland	8
Minor Salivary Glands	8
Histology	8
Parotid Gland	8
Submandibular Gland	13
Sublingual Gland	15
Minor Salivary Glands	15
Ultrastructure	16
Acinar Cells	16
Myoepithelial Cells	17
Intercalated Duct Cells	18
Striated Duct Cells	18
Immunohistochemistry	19
Physiology	21
2. Classification	27
3. Salivary Gland Tumors: General Considerations	31
Etiology	31
Incidence/Demographic Features/Clinical Features	31
Site-Specific Tumor Differences	32
Intraoperative Consultation/Core Needle Biopsy	33
Histologic Grading/Transformation	35
Other Prognostic Features	36
Clinical Staging	38
Diagnostic Imaging	42
Immunohistochemistry	43
Molecular Testing	44
4. Cytopathology of Neoplasms of the Major Salivary Glands	53
Fine-Needle Aspiration Biopsy	53
Accuracy	53
Complications	55
Classification	56

Normal Cytopathology	58
Cytopathology of Tumor-Like Entities.	58
Cysts	58
Sialadenosis	60
Cytopathology of Benign Epithelial Neoplasms	60
Pleomorphic Adenoma	60
Basal Cell Adenoma	61
Warthin Tumor.	66
Oncocytoma/Nodular Oncocytic Hyperplasia/Oncocytic Cystadenoma	68
Myoepithelioma	68
Cytopathology of Malignant Epithelial Neoplasms	69
Mucoepidermoid Carcinoma	69
Acinic Cell Carcinoma	75
Secretory Carcinoma	78
Adenoid Cystic Carcinoma	80
Polymorphous Adenocarcinoma	82
Carcinoma Ex-Pleomorphic Adenoma	82
Basal Cell Adenocarcinoma	84
Adenocarcinoma, NOS and Cystadenocarcinoma.	84
Hyalinizing Clear Cell Carcinoma	85
Epithelial-Myoepithelial Carcinoma	86
Salivary Duct Carcinoma	87
Myoepithelial Carcinoma	89
Lymphoepithelial Carcinoma	90
Sebaceous Adenocarcinoma.	90
Oncocytic Carcinoma	91
Cytopathology of Benign Mesenchymal Neoplasms.	92
Hemangioma	92
Lipoma/Sialolipoma.	92
Lymphangioma	93
Nodular Fasciitis.	93
Schwannoma	93
Cytopathology of Malignant Mesenchymal Neoplasms	95
Malignant Peripheral Nerve Sheath Tumor	95
Ewing Sarcoma	96
Alveolar Rhabdomyosarcoma	97
Cytopathology of Lymphoproliferative Lesions	97
Extranodal Marginal Zone Lymphoma	98
Diffuse Large B-Cell Lymphoma	98

Cytopathology of Secondary Tumors	99
Squamous Cell Carcinoma	99
Neuroendocrine Carcinoma/Merkel Cell Carcinoma	99
5. Benign Epithelial Neoplasms	109
Pleomorphic Adenoma (Benign Mixed Tumor)	109
Basal Cell Adenoma	138
Warthin Tumor	152
Oncocytoma	166
Canalicular Adenoma	177
Striated Duct Adenoma	185
Cystadenoma	189
Myoepithelioma	195
Sebaceous Adenoma, Sebaceous Lymphadenoma, and Lymphadenoma	207
Ductal Papillomas	216
Sialadenoma Papilliferum	225
Salivary Gland Anlage Tumor	230
Sclerosing Polycystic Adenoma	232
6. Malignant Epithelial Neoplasms	265
Mucoepidermoid Carcinoma	265
Adenocarcinoma, Not Otherwise Specified	290
Acinic Cell Carcinoma	303
Secretory Carcinoma	326
Adenoid Cystic Carcinoma	337
Polymorphous Adenocarcinoma	356
Carcinoma Ex-Pleomorphic Adenoma	374
Basal Cell Adenocarcinoma	400
Cystadenocarcinoma	414
Primary Squamous Cell Carcinoma	422
Large Cell Undifferentiated Carcinoma	429
Hyalinizing Clear Cell Carcinoma	433
Epithelial-Myoepithelial Carcinoma	445
Intraductal Carcinoma	461
Salivary Duct Carcinoma	475
Neuroendocrine Carcinoma	497
Myoepithelial Carcinoma	505
Lymphoepithelial Carcinoma	514
Oncocytic Carcinoma	521
Carcinosarcoma	533
Metastasizing Mixed Tumor	536
Sebaceous Adenocarcinoma	543

	Mucinous Adenocarcinoma	552
	Sialoblastoma	555
7.	Mesenchymal Neoplasms	605
	Benign Lesions	605
	Hemangioma	605
	Lipoma, Sialolipoma, and Oncocytic Lipoadenoma	608
	Lymphangioma	610
	Inflammatory Myofibroblastic Tumor	611
	Nodular Fasciitis	612
	Solitary Fibrous Tumor	615
	Schwannoma and Neurofibroma	619
	Ectomesenchymal Chondromyxoid Tumor	624
	Malignant Neoplasms	626
	Malignant Peripheral Nerve Sheath Tumor	627
	Rhabdomyosarcoma	628
	Ewing Sarcoma	630
	Other Sarcomas	631
8.	Hematolymphoid Neoplasms of the Major Salivary Glands	641
	Sjögren Syndrome	641
	Salivary Gland Lymphomas	642
	Extranodal Marginal Zone Lymphoma of Mucosa-Associated Lymphoid Tissue	644
	Other Non-Hodgkin Lymphomas	648
	Hodgkin Lymphomas and Other Hematopoietic Neoplasms	649
9.	Secondary Tumors of the Major Salivary Glands	655
	Cutaneous Carcinomas	656
	Squamous Cell Carcinoma	656
	Basal Cell Carcinoma	657
	Merkel Cell Carcinoma	657
	Sebaceous Carcinoma	658
	Melanoma	660
	Other Metastatic Malignancies	662
10.	Tumor-Like Conditions	667
	Lymphoepithelial Sialadenitis	667
	Sialolithiasis and Nonspecific Chronic Sialadenitis	670
	IgG4-Related Sialadenitis	673
	Nodular Oncocytic Hyperplasia	677
	Necrotizing Sialometaplasia	681
	Salivary Mucoceles and Cysts	684
	Mucocele	684
	Salivary Duct Cyst	687

Lymphoepithelial Cyst.....	689
Human Immunodeficiency Virus-Associated Salivary Gland Disease.....	690
Polycystic Dysgenetic Disease.....	694
Sialadenosis.....	697
Adenomatoid Hyperplasia.....	698
Intercalated Duct Lesions (Hyperplasia and Adenoma).....	700
Index.....	713
