

## CONTENTS

1. Peripheral Nerve Tumors: Overview . . . . .	1
Historical Background . . . . .	2
Early Key Investigators . . . . .	2
Specimen Presentation, Handling, and Assessment . . . . .	6
2. The Normal Peripheral Nervous System . . . . .	11
Development . . . . .	11
Gross Anatomy . . . . .	11
Microanatomy . . . . .	14
Peripheral Nerves . . . . .	14
Sensory and Autonomic Ganglia . . . . .	20
Interstitial Cells of Cajal . . . . .	25
Specialized Nerve Endings . . . . .	26
Immunohistochemistry . . . . .	28
Ultrastructure . . . . .	30
3. Reactive Lesions . . . . .	33
Traumatic Neuroma . . . . .	33
Localized Interdigital Neuritis . . . . .	41
Pacinian Neuroma . . . . .	45
Oral Pseudoperineurioma . . . . .	49
Intraneural Injury Neuroma . . . . .	51
Epithelial Sheath Neuroma . . . . .	52
Ganglion Cyst of Nerve . . . . .	53
Endometriosis of Sciatic Nerve . . . . .	58
Heterotopic Ossification of Nerve (Neuritis Ossificans) . . . . .	60
4. Inflammatory and Infectious Lesions Simulating Tumors of Nerve . . . . .	67
Inflammatory Pseudotumor of Nerve . . . . .	67
Sarcoidosis of Peripheral Nerve . . . . .	71
Mycobacterial Pseudotumor . . . . .	73
Leprous Neuropathy . . . . .	75
5. Hyperplastic Lesions . . . . .	81
Palisaded Encapsulated Neuroma . . . . .	81
Multiple Endocrine Neoplasia 2B-Associated Mucosal Neuroma, Mucosal Neuromatosis, and Intestinal Ganglioneuromatosis . . . . .	87
MEN 2B-Unassociated Neuroma, Ganglioneuroma/Ganglioneuromatosis, and Localized Hypertrophic Neuropathy . . . . .	95

Neuroma . . . . .	95
Mucosal Ganglioneuroma and Ganglioneuromatosis . . . . .	98
Localized Hypertrophic Neuropathy . . . . .	101
6. Lipomatosis and Neuromuscular Choristoma of Nerve . . . . .	111
Lipomatosis of Nerve . . . . .	111
Neuromuscular Choristoma . . . . .	117
7. Schwannoma . . . . .	129
Conventional Schwannoma . . . . .	129
Cellular Schwannoma . . . . .	165
Plexiform Schwannoma . . . . .	178
Congenital and Childhood Plexiform (Multinodular) Cellular Schwannoma . . . . .	184
Melanotic Schwannoma . . . . .	187
8. Neurofibroma . . . . .	211
General Features . . . . .	211
Genetics . . . . .	212
Clinicopathologic and Anatomic Variants . . . . .	212
Microscopic Findings . . . . .	228
Diagnostically Confusing Microscopic Findings . . . . .	233
Immunohistochemical Findings . . . . .	244
Ultrastructural Findings . . . . .	244
DNA Flow Cytometry . . . . .	245
Histologic Atypia and Malignant Change . . . . .	245
Tumor of Proposed Neurofibromatous Nature but Unconfirmed . . . . .	253
Differential Diagnosis . . . . .	253
Treatment and Prognosis . . . . .	259
9. Perineurial Cell Tumors . . . . .	265
Perineurioma . . . . .	265
Intraneural Perineurioma . . . . .	266
Soft Tissue Perineurioma . . . . .	274
Intestinal Perineurioma . . . . .	286
Hybrid Benign Peripheral Nerve Sheath Tumors . . . . .	289
Hybrid Schwannoma/Perineurioma . . . . .	289
Hybrid Reticular (Retiform) Schwannoma/Perineurioma . . . . .	289
Significance of Hybrid Benign PNSTs with Intimately Admixed Phenotypically Different Tumor Cell Types . . . . .	289
Differential Diagnosis . . . . .	292
10. Miscellaneous Benign Neurogenic Tumors . . . . .	297
Nerve Sheath Myxoma . . . . .	297

Benign Granular Cell Tumor . . . . .	305
Ganglioneuroma . . . . .	319
11. Benign and Malignant Non-Neurogenic Tumors . . . . .	347
Benign Non-Neurogenic Tumors . . . . .	347
Lipoma . . . . .	347
Paraganglioma . . . . .	347
Angiomas of Nerve . . . . .	350
Glomus Tumor Variants . . . . .	351
Hemangioblastoma . . . . .	356
Meningioma . . . . .	361
Cutaneous Meningioma . . . . .	366
Adrenal Adenoma . . . . .	366
Malignant Non-Neurogenic Tumors . . . . .	366
Synovial Sarcoma . . . . .	366
Angiosarcoma . . . . .	372
Hemangiopericytoma . . . . .	372
Primary Non-Hodgkin Lymphoma . . . . .	372
Amyloidoma of Nerve . . . . .	373
12. Malignant Tumors of the Peripheral Nerves . . . . .	381
Conventional Malignant Peripheral Nerve Sheath Tumors . . . . .	381
Perineurial Cell MPNST . . . . .	414
Variants of Schwann Cell-Derived MPNST . . . . .	416
Epithelioid MPNST . . . . .	416
Deep Epithelioid MPNST . . . . .	416
Superficial Epithelioid MPNST . . . . .	423
Conventional Schwannoma with Epithelioid Malignancy . . . . .	423
Neurofibroma with Malignant Epithelioid Cell Differentiation . . . . .	427
MPNST with Divergent Differentiation . . . . .	429
MPNST with Divergent Mesenchymal Differentiation . . . . .	431
PNST with Divergent Epithelial Differentiation . . . . .	438
MPNST Arising in Peripheral Neuroblastic Tumors . . . . .	450
MPNST Presenting in Ganglioneuroma or Ganglioneuroblastoma . . . . .	450
MPNST Arising in Pheochromocytoma . . . . .	455
Primitive Neuroectodermal Tumor of Peripheral Nerve . . . . .	457
Malignant Granular Cell Tumor . . . . .	458
13. Tumors of the Neural Transmitting Mesenchymal Cell Component of the	
Peripheral Nervous System . . . . .	475
Gastrointestinal Stromal Tumor . . . . .	475

14. Secondary Neoplasia . . . . .	491
Metastases and Direct Extension of Neoplasms to Nerve . . . . .	491
Carcinoma . . . . .	491
Sarcoma . . . . .	494
Neurotropic Melanoma . . . . .	495
Lymphoma-Leukemia . . . . .	502
Miscellaneous Involvement . . . . .	503
Metastases to Nerve Sheath Tumor . . . . .	503
15. Neurofibromatosis 1 and 2, and Schwannomatosis . . . . .	507
Neurofibromatosis 1 . . . . .	507
Neurofibromatosis 2 . . . . .	521
Schwannomatosis . . . . .	535
Index . . . . .	545
