

## CONTENTS

1.	The Normal Salivary Glands . . . . .	1
	Development . . . . .	2
	Gross Anatomy . . . . .	4
	Parotid Gland . . . . .	4
	Submandibular Gland . . . . .	6
	Sublingual Gland . . . . .	6
	Minor Salivary Glands . . . . .	7
	Histology . . . . .	7
	Parotid Gland . . . . .	7
	Submandibular Gland . . . . .	11
	Sublingual Gland . . . . .	13
	Minor Salivary Glands . . . . .	13
	Ultrastructure . . . . .	14
	Acinar Cells . . . . .	14
	Myoepithelial Cells . . . . .	14
	Intercalated Duct Cells . . . . .	15
	Striated Duct Cells . . . . .	16
	Immunohistochemistry . . . . .	16
	Physiology . . . . .	19
2.	Classification . . . . .	25
3.	Salivary Gland Tumors: General Considerations . . . . .	27
	Incidence . . . . .	27
	Etiology . . . . .	27
	Demographic and Clinical Features . . . . .	27
	Site-Specific Tumor Differences . . . . .	31
	Comparison of Fine-Needle Aspiration Biopsy with Intraoperative Frozen Section . . . . .	32
	Microscopic Grading . . . . .	35
	Clinical Staging . . . . .	35
	Other Prognostic Factors . . . . .	41
	Diagnostic Imaging . . . . .	42
4.	Benign Epithelial Neoplasms . . . . .	49
	Pleomorphic Adenoma . . . . .	49
	Basal Cell Adenoma . . . . .	71
	Warthin Tumor . . . . .	85
	Oncocytoma . . . . .	100
	Canalicular Adenoma . . . . .	109

Cystadenoma . . . . .	117
Myoepithelioma . . . . .	123
Sebaceous Adenoma and Sebaceous Lymphadenoma . . . . .	133
Sebaceous Adenoma . . . . .	133
Sebaceous Lymphadenoma and Lymphadenoma . . . . .	136
Inverted Ductal Papilloma . . . . .	141
Intraductal Papilloma . . . . .	144
Sialadenoma Papilliferum . . . . .	148
5. Malignant Epithelial Neoplasms . . . . .	173
Mucoepidermoid Carcinoma . . . . .	173
Central (Primary Intraosseous) Mucoepidermoid Carcinoma . . . . .	193
Adenocarcinoma, Not Otherwise Specified . . . . .	196
Acinic Cell Adenocarcinoma . . . . .	204
Adenoid Cystic Carcinoma . . . . .	225
Polymorphous Low-Grade Adenocarcinoma . . . . .	246
Carcinoma Ex Pleomorphic Adenoma . . . . .	259
Basal Cell Adenocarcinoma . . . . .	269
Cystadenocarcinoma . . . . .	281
Primary Squamous Cell Carcinoma . . . . .	289
Undifferentiated Carcinoma (Large Cell Type) . . . . .	295
(Hyalinizing) Clear Cell Adenocarcinoma . . . . .	301
Epithelial-Myoepithelial Carcinoma . . . . .	309
Salivary Duct Carcinoma . . . . .	322
Small Cell Carcinoma . . . . .	332
Myoepithelial Carcinoma . . . . .	341
Lymphoepithelial Carcinoma . . . . .	349
Oncocytic Carcinoma . . . . .	356
Carcinosarcoma . . . . .	363
Adenosquamous Carcinoma . . . . .	368
Metastasizing Pleomorphic Adenoma . . . . .	372
Sebaceous Adenocarcinoma and Sebaceous Lymphadenocarcinoma . . . . .	377
Sebaceous Adenocarcinoma . . . . .	377
Sebaceous Lymphadenocarcinoma . . . . .	379
Mucinous Adenocarcinoma . . . . .	383
Sialoblastoma . . . . .	386
6. Nonlymphoid Mesenchymal Neoplasms . . . . .	439
Benign Tumors . . . . .	439
Hemangioma . . . . .	439

Lipoma . . . . .	441
Lymphangioma . . . . .	442
Inflammatory Myofibroblastic Tumor . . . . .	443
Malignant Tumors . . . . .	445
Malignant Peripheral Nerve Sheath Tumors . . . . .	445
Rhabdomyosarcoma . . . . .	446
Other Sarcomas . . . . .	446
7. Malignant Lymphomas of the Major Salivary Glands . . . . .	453
Lymphoma and Sjögren Syndrome . . . . .	453
Non-Hodgkin Lymphomas . . . . .	454
Hodgkin Lymphoma . . . . .	464
8. Secondary Tumors . . . . .	471
9. Tumor-Like Conditions . . . . .	481
Lymphoepithelial Sialadenitis . . . . .	481
Chronic Sclerosing Sialadenitis . . . . .	485
Sclerosing Polycystic Adenosis . . . . .	488
Necrotizing Sialometaplasia . . . . .	492
Salivary Mucoceles and Cysts . . . . .	495
Mucocele . . . . .	495
Salivary Duct Cyst . . . . .	498
Lymphoepithelial Cyst . . . . .	499
HIV-Associated Salivary Gland Disease (Multiple Lymphoepithelial Cysts of the Parotid Gland) . . . . .	501
Polycystic (Dysgenetic) Disease of the Parotid Gland . . . . .	504
Sialadenosis . . . . .	506
Adenomatoid Hyperplasia . . . . .	508
Index . . . . .	515
